

ADVENT TATENDA SHUMBA

IT TECHNICIAN

P +263 71 915 7143

E adventtatendashumba@outlook.com

A Warren Park 1 Harare

W <https://github.com/Kory0829>

OBJECTIVE

A self-driven and efficient individual with strong social and technical skills. Passionate about IT, I'm eager to learn and stay up-to-date with industry developments, with a strong foundation in computer operating systems and maintenance. I am actively looking for an opportunity to harness my skills and contribute to corporate and economic growth

EXPERIENCE

January 2024 – December 2024

Junior coding instructor – Uncommon

- ♣ Delivered coding instruction to 800+ primary school students and 100+ high school students, leveraging Scratch and WoofJ as a pedagogical tool to introduce fundamental programming concepts
- ♣ Designed and executed comprehensive lesson plans aimed at fostering coding proficiency and critical thinking skills among students
- ♣ Provided one-on-one guidance to students as they developed their interactive games using block-based programming, promoting autonomous learning and creative expression

Frontend Web Developer - Uncommon

- ♣ Spearheaded the development of multiple websites, leveraging Bootstrap and JavaScript to create dynamic and interactive user experiences
- ♣ Successfully implemented version control systems using GIT, ensuring seamless collaboration and conflict resolution in fast-paced development environments
- ♣ Crafted responsive and visually appealing web pages using Figma and CSS media queries, ensuring optimal user engagement across diverse devices and platforms
- ♣ Utilized React JS to drive the development of complex group projects, showcasing expertise in modern front-end development frameworks and collaborative software development methodologies

COMMUNICATION & LEADERSHIP SKILLS

As a skilled public speaker, I excel at breaking down complex ideas into clear, engaging explanations that captivate audiences. With a background in debate and volunteer speaking, I've developed strong articulation, persuasion, and audience connection skills, making me a confident and effective communicator.

Additionally, I possess natural leadership abilities, inspiring others with my vision, empathy, and active listening skills, which enable me to drive collective success. My experience leading youth support groups, a high school tech team, and attending leadership seminars has further honed my ability to serve and motivate those I lead.
